Even with the press of work and family obligations, people still feel the need to connect with their community and each other in meaningful ways.

Togetherhood is a national Y initiative that involves volunteers of all ages in projects that benefit the communities we serve...and beyond. Togetherhood was launched at the Rye Y in May 2014.

Each year, the Togetherhood Service Committee identifies, plans and implements at least four projects. Along the way, they create friendships, build new partnerships and make a real difference outside the walls of the Y.
